

Counselor Conversation Card #2  
September: Responsibility

Name \_\_\_\_\_

Grade \_\_\_\_\_ Date \_\_\_\_\_

Today we discussed how we have a lot of new responsibilities in first grade. We talked about how first graders act, how first graders think, how first graders feel, and what first graders do at school. We wrote all of our ideas on a big poster board that we can keep in our classroom. After our discussion we colored a picture of ourselves as first graders.

Counselor Conversation: Talk to your child about the changes from kindergarten to first grade. What are their new responsibilities in school? At home? How do they feel about being in first grade?
