

Counselor Conversation Card #2
September: Responsibility

Name _____

Grade _____ Date _____

Today we read the book Regina's Big Mistake by Marissa Moss and discussed how being responsible means learning from our mistakes. In the book, Regina made a mistake on her drawing. At first she did not act responsibly and crumpled her paper up. Then she decided to turn her mistake into something positive. We talked about how we can be responsible for our actions and learn from our mistakes. After our discussion we created our own "beautiful mistakes".

Counselor Conversation: Talk with your child about making mistakes and being able to learn from them. Share with each other a mistake each has made and how you can learn from it.
