

Counselor Conversation Card #2  
September: Responsibility

Name \_\_\_\_\_

Grade \_\_\_\_\_ Date \_\_\_\_\_

Today we learned about one of the keys to success – Responsibility! We talked about how our attitudes, feelings, and behaviors can influence our ability to be a responsible person. Our thoughts/attitudes about school can influence our feelings about school, which influence how we behave in school. This can all have an impact on how responsible we act in school. After the discussion, we chose one way that we plan to be responsible this year.

Counselor Conversation: Explain the thoughts/attitudes, feelings, behaviors triangle to your parents. Talk about the responsibilities you have at school and at home.
